Flooring: SikaFloor®-161 & SikaFloor®-264

Refurbishment: Sikagard®-552 W Aquaprimer & Sikagard®-550 W Elastic

# HOTEL DIEU DE FRANCE

## PROJECT DESCRIPTION

Hôtel-Dieu de France Hospital is a leading private university hospital in Beirut - Lebanon, affiliated with Saint Joseph University of Beirut. Renowned for its high medical standards, advanced facilities, and multidisciplinary expertise, it serves as a major referral center offering comprehensive healthcare services across a wide range of medical and surgical specialties.

In 2024, more than 8,000 sqm of epoxy flooring were applied, along with the application of 3500 sqm of anti-carbonation protection to the walls, ensuring durability, hygiene, and long-term structural protection.

## PROJECT REQUIREMENT

750 microns of solvent-free epoxy for the loading area  
450 microns of solvent free epoxy for the circulation area  
Water-based anti-carbonation for the parking walls

## PROJECT SOLUTIONS

Sikadur PF for crack filling  
SikaFloor®-161 & SikaFloor®-264  
Sikagard®-552 W Aquaprimer & Sikagard®-550 W Elastic

## PROJECT VALUE

~80,000 USD
