

SIKA AT WORK

Saint Elias Church Koura, Lebanon

Roofing: Sikalastic 1C Primer – Sikalastic M640 White

BUILDING TRUST

SAINT ELIAS CHURCH KOURA, LEBANON

PROJECT DESCRIPTION

In a small city called Aaba, in Koura District, is located the old Saint Elias Church. The 250 sqm church's roof needed to be refurbished in 2024.

PROJECT REQUIREMENT

The roof consists of two slabs, the old one was covered with bituminous membranes, and the other is a newly casted roof.

The specified roofing system was cold applied liquid membrane after removing the old system, in that way, the LAM system will enhance energy efficiency by reducing cooling costs.

PROJECT SOLUTIONS

Three coats of Sikalastic M640 White liquid applied membrane were used after using Sikalastic 1C Primer
